

KNOW-HOW *In Action*

BC KHIA # 006

BELZONA FPA-8 NON-SLIP SAFETY SYSTEM

CUSTOMER

General Hospital
Victoria, BC

APPLICATION DATE

February 2002

PROBLEM

All previous applications of non-slip safety systems that had been applied over the years had met with only limited success. Customer was looking for something more permanent

PRODUCTS

Belzona® FPA-8 Non-Slip Safety System

SUBSTRATE

Quarry tile

APPLICATION METHOD

Application carried out in accordance with Belzona® Know-How Leaflet FPA-8

BELZONA FACTS

Based on the success of Belzona® FPA-8 Non-Slip applications at a number of other provincial hospitals over the past 8 years, customer was more than happy to proceed with the application despite the higher initial costs. System is designed in such a way as to ensure that water on the floors is able to flow freely towards the drains.
