Steel

APPLICATION METHOD

Application carried out in accordance with Belzona® Know-How Leaflet SHM-12

BELZONA FACTS

Original system had been in service for more than 6 years

PHOTOGRAPHS

1. View of original OEM Installation after 6 years of service..
2. A tiger torch was used to remove the old material.
3. The rolls were then ground to a clean rough profile.
4. A new Belzona® SHM-12C Positive Grip System was applied to 12 rolls on the deck
