

BELZONA® 1321 CERAMIC S METAL PROVIDES PROTECTION AND TRACTION

CUSTOMER

Pulp Company
Celgar, BC

APPLICATION DATE

August 2006

PROBLEM

Heavy traffic was wearing the steel deck of the dumpers, and the welded steel plates added to solve the problem constantly broke loose and created a hazard and downtime. Additionally, the steel deck became slippery during the long winter months and wet weather .

PRODUCTS

Belzona® SHM-12 Positive Grip System

SUBSTRATE

Steel

APPLICATION METHOD

Application carried out in accordance with a modified version of Belzona® Know-How Leaflet SHM-12C

BELZONA FACTS

The Belzona system was installed in a single shift and was ready for use the next day.
