

## **BELZONA® REDUCES COST OF EXPANSION JOINT REFURBISHMENT**

### **CUSTOMER**

Aquatic Center  
Trail, BC

### **APPLICATION DATE**

1998

### **PROBLEM.**

Many recreation facilities budget for expansion joint refurbishment each year. This puts a strain on the maintenance budget and reduces time that could be spent on other more pressing maintenance problems within the facility.

### **PRODUCTS**

Belzona® 2211 MP Hi-Build Elastomer  
Belzona® 2211 MP Fluid Elastomer

### **SUBSTRATE**

Concrete and ceramic tile

### **APPLICATION METHOD**

Application carried out in accordance with Belzona® Know-How Leaflet FPA-6

### **BELZONA FACTS**

In all facilities where Belzona® Elastomers have been installed maintenance of expansion joints has been reduced. Most applications last for 5 years before the need for any maintenance. In some cases joints have been in service for as long as 7 years.
