## YOUR LINK TO CREATIVE MAINTENANCE SOLUTIONS

The purpose of the Belzona® Know-How Series of manuals is to provide you, our customer, with basic documented repair procedures. These deal with all the pertinent details of a particular application or repair. The Know-How System Leaflets cover surface preparation requirements, tools required for the job, and how the application should proceed. They also provide details on product choice based on specific basic operating parameters or requirements. There are more than 150 of these procedures.

**THE COMBINATION OF BELZONA® PRODUCTS, KNOW-HOW SYSTEM LEAFLETS, AND THE BELZONA® TECHNICAL CONSULTANT SERVICING YOUR MILL, CAN HAVE A MAJOR IMPACT ON:-**

- **REDUCING MAINTENANCE COSTS**
- **REDUCING DOWNTIME**
- **PROVIDING AN ALTERNATIVE TO CONVENTIONAL REPAIRS**
- **ASSIST IN EMERGENCY REPAIR SITUATIONS**
- **EXTENDING EQUIPMENT LIFE**
